WHAT THIS MEANS

Morning Digest — June 20, 2026
Public Sandbox | Decision Governance Team

Yesterday

- 0 decisions processed — no activity recorded across all decision queues
- Approval and override rates both at 0.0% — consistent with prior week; no drift detected
- 0 active reviewers logged — no team engagement in the system yesterday

No anomalies detected. No items requiring immediate attention. System is quiet — verify this reflects expected activity levels rather than a data or instrumentation gap.

GOVERNANCE · WHAT GOT STOPPED

- **WARN** Escalation policy — L3 gate — 3 times · service.ticket_escalation
- **WARN** Expense category — restricted — 3 times · finance.expense_approval
- **BLOCK** Refund cap — full refunds — 2 times · service.refund_decision

WINS · HIGH-TRUST DECISIONS

- **block** · trust 97 · sales.deal_approval
Proposed price of \$38,000 is below the floor price of \$42,298.10, which is derived from the p75-discount margin-safe comparable across 20 closed-won deals in th...
- **block** · trust 97 · service.refund_decision
The refund amount of \$1,250 is a full refund that exceeds both the configured block_full_above threshold of \$500 and the governance policy ceiling of \$500 for f...
- **block_full** · trust 97 · service.refund_decision
The refund amount of \$1,250 exceeds the configured block_full_above threshold of \$500, and this is flagged as a full refund (is_full_refund: true). The default ...
